Instant Corporation. is formed with a view to supporting & assisting our valued customers' in the Industrial Sector promptly from both Principal & local end. Our team consist of experienced as well as professional sales & service engineer who have long proven track record in the Industrial sector. We are offering & supplying almost all kinds of machinery required in Pharmaceuticals, Plastic, Food & Beverage Industry at competitive price from China mostly as well as Overseas.

Our range of machinery covers the following :

### **Pharmaceuticals Machinery:**

**TABLET PROCESSING LINE:** Rapid mixer granulation (RMG), Fluid bed dryer (FBD) / Hot air dryer, Multi mill / Fitz mill, Conical blender, Vibrating shifter, Y/V/IBC octagonal blender, Tablet press machine, Complete granulation suite, Powder handling equipment, Coating machine (Sugar/Film), Tablet printing machine.

**CAPSULE PROCESSING LINE:** Y/V/IBC Octagonal blender, Capsule filling and closing machine, Capsule printing machine, Capsule polishing machine, Capsule sorting machine, Powder handling equipment, Pellet manufacturing and coating machinery and equipment.

**PACKAGING MACHINERY:** Strip packing machine, Blister packing machine, Induction sealing machine, Cartooning machine, Labelling machine, Carton printing machine, Label printing machine.

**INJECTABLE LINE:** Washing machine (Linear/Rotary), Bottle dryer / tunnel, Powder filling, Stoppering and Capping machine, Visual inspection machine, Labelling machine, Product mixing machine, Filtration and storage machine, Filling line, Lyophilizer / freeze dryer, Ampoule filling and sealing machine, Prefilled syringe filling and closing machine, Autoclave, Complete IV fluid manufacturing and packaging machinery.

**ORAL LIQUID LINE:** Bottle washing machine (Linear/Rotary), Bottle tunnel, Liquid preparation, Filtration, Transportation and Storage tank, Liquid filling and capping machine, Visual inspection machine, Labelling machine.

**ORAL POWDER PROCESSING LINE:** Y/V/IBC Octagonal blender, Hot air dryer, Powder filling and capping machine, Sachet packing machine.

**OINTMENT / CREAM MANUFACTURING MACHINERY:** Complete ointment / cream manufacturing vessel, Water and oil tank, Ointment transfer pump, Alu / Plastic tube filling and sealing machine.

**EYE & EAR DROP LINE:** Glass / Plastic bottle washing and drying machine, Eye / Ear drop preparation machine, Filtration and storage tank, Eye / Ear drop filling machine, Stoppering and capping machine, Labelling machine, Autoclave (Water / Steam pressure).

**INHALER PROCESSING LINE:** Complete inhaler production machine.

**SUPPOSITORY LINE:** Suppository filling and sealing machine, Suppository products preparation tank and accessories.

**WATER GENERATION PLANT:** Purified Water (PW) generation unit, Water for Injection (WFI) generation unit, Pure Steam (PS) generation unit, Looping system, Water storage tank and accessories.

**WAREHOUSE EQUIPMENT:** Storage racking system, Scissor lift, Forklift, Drum lifter, Plastic / Metal pallet, Lift table, Dock leveler etc.

**CLEANROOM CONTAMINATION CONTROL PRODUCTS:** Cleanroom air shower, Cleanroom door system, Cleanroom curtains and strip shields, Cleanroom dynamic pass box, Sandwich panel, Particle counter etc.

### **Plastic Machinery:**

- Injection Molding Machine (IMM)
- Injection Blow Molding Machine (IBM)
- PVC Pipe Extrusion Line (Plain Pipe & Thread Pipe)
- Extrusion Blow Molding Machine (EBM)
- Injection Molding Machine (IMM) for uPVC Fittings & House Hold products
- Fully Automatic non-woven Bag Making Machine
- Film Blowing Machine (Automatic & Semi-automatic) for PP, HDPE, LDPE & LLDPE
- Injection Stretch Blow Molding Machine
- Linear Blow Molding Machine
- PET Pre-form Mould
- Injection Cap Mould
- PET Bottle Blow Mould
- HDPE Injection and Blow Mould
- Others Moulds (any type/as per customer sample)
- Printing & Packaging Machinery,
- On line Ink Jet Printer machine
- PP Oven Bag Machinery (Automatic & Semi-automatic) line for Rice, Poultry & Cement Bag etc.
- Side Sealing & Bottom gusset machine
- Cement Bag, Fertilizer Bag & Rice bag Making Machine (Complete Line)
- Ware House Equipment (Racking System, Metal / Plastic Pallets, Hand Pallet, Reach Truck, Forklift & Order Picker etc.)

### **Food & Beverage Machinery :**

- Drinking Water Production Line
- Chocolate / Candy Production Line
- Biscuit Production Line
- Noodles Production Line
- Spice Production Line
- Juice / Jelly Production Line
- Confectionery Production Line
- Carbonated Drinks Production Line
- All types of Food Item Packaging & Cartooning Machinery (Ata, Maida, Suji, Spice, Oil & Honey)

## Tablet and Capsule Section Machinery

**Rapid Mixer Granulation (RMG)**

**Fluid Bed Dryer (FBD)**

**Hot Air Tray Dryer**

**Multi Mill**

**Square Cone Blender**

**Tablet Compression Machine**

## Tablet and Capsule Section Machinery

**Coating Machine (Sugar/Film)**

**Capsule Filling and Closing Machine**

**Capsule Weight Checker Machine**

**Metal Detector Machine**

**Capsule Polisher Machine**

**Vibrating Sifter Machine**

## **Injectable Machinery**

**Rotary Vial Washing Machine**

**Injectable Vial Power Filling Machine**

**Visual Inspection Machine**

**Precision Vial Filling & Packaging Machine**

**Ampoule Filling and Capping Machine**

**Autoclave**

## Oral Liquid Section Machinery

**Automatic Liquid Preparation Unit**

**Tangential Flow Filtration System**

**Rotary Vial & Ampoule Washing Machine**

**Oral Liquid Filling & Capping Machine**

**Automatic Labeling Machine**

**Oral Liquid Storage Unit**

## Oral Powder Section Machinery

**Auto Powder Filling & Capping Machine**

**Powder Sachet Packing Machine**

**Powder Handling Isolator**

**Double Cone Octagonal Blender**

**Hot Air Dryer**

**Walk in BOD Incubator**

## Ointment/Cream Section Machinery

**Ointment Processing Machine**

**Ointment Storage Unit**

**Rotary Lube Pump**

**Tube Filling and Sealing Machine**

**Suppository Forming and Filling Machine**

**Automatic Laminated Tube Making Machine**

## Packaging Machinery

**Automatic Blister Packing Machine**

**Fully Automated Cartoning Machine**

**Cotton Inserting Machine**

**Tablet and Capsule Counting Machine**

**Automatic Packaging and Counting Line**

## PW, WFI, PS Generation Unit

**Purified Water (RO-EDI) Unit**

**Purified Water (PW) Pre-Treatment Unit**

**WFI and PS Generation Unit**

**Purified Water Generation Unit**

**Integrated Water Generation Unit**

**Multi Effect Distillation Unit**

## Warehouse Equipment

**Storage Rack**

**Forklift**

**Moveable Scissor Lift**

**Drum Lifter**

**Plastic Pallet**

**Dock Leveler**

## Cleanroom Contamination Control Equipment

**Cleanroom Air Shower**

**Cleanroom Door System**

**Cleanroom Curtains and Strip Shields**

**Cleanroom Dynamic Pass Box**

**Cleanroom Sandwich Panel**

**Cleanroom Particle Counter**

## Plastic Machinery

**Injection Molding Machine (IMM)**

**Injection & Blow Molding Machine (IBM)**

**PVC Pipe Production Line**

**Extrusion Blow Molding Machine (EBM)**

**Fully Automatic Non woven Bag Making Machine**

**Film Blowing Machine**

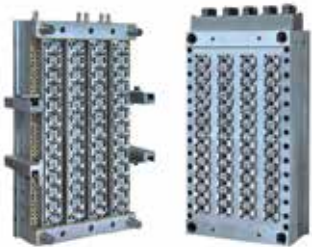

## Plastic Machinery

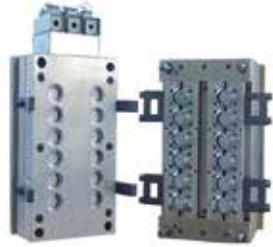

**Injection Stretch Blow Molding Machine**

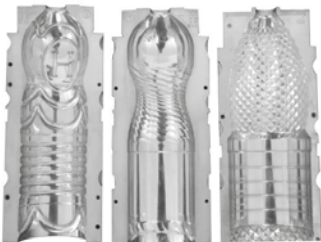

**Linear Blow Molding Machine**

**PET Pre-form Mould**

**Injection Cap Mould**

**PET Bottle Blow Mould**

**HDPE Injection and Blow Mould**

## Food Machinery

**Chocolate / Candy Production Line**

**Drinking Water Production Line**

**Biscuit Production Line**

**Noodles Production Line**

**Juice / Jelly Production Unit**

**Confectionery Production Line**
